NOV 13 2002  
Technology Center 2100

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the Office Action mailed May 7, 2002, please amend the  
above-referenced patent application as shown below.

### In the claims:

Please amend claims 1 and 26 as shown below. All remaining claims are shown  
below for the Examiner's convenience. Claims that have not been amended are shown in small  
print.

1. In a computer system having an application with an embedded browser for  
retrieving information from a Web server, said information including Web pages having tags  
affecting display of content at the embedded browser, at least some Web pages having hypertext  
links comprising tags specifying hypertext navigation to other information, an improved method  
for allowing the server to control the application, the method comprising:
